Property ownership for the Anaconda Mine Site.docx

::

Dante and Dave:

I put together a quick summary of property ownership for the site with the addition of a reach of the Walker River and the Weber reservoir. The references I use for the acreage along the river and reservoir can be downloaded using the link below. Feel free to use this as the site info is updated and let me know if we are make correct assumptions about this...

Dietrick

*The wetland and non point report can be downloaded from filesanywhere....*
